

## **FAInet Best Practices Guide**

SEPTEMBER 2016 VERSION 1.0

## **Description:**

This guide will take you through the best practices when entering player registration data into the FAInet system.

## **Best Practices:**

- Use capital letters at beginning of names & addresses
- Address
  - o Street Should not contain County e.g. 12 Bachelor Walk
  - o Town Do not enter the county within town field, use the drop down.
  - o Post Code Enter eir code if you have it, if not enter 000 0000.
- Do not use abbreviations of first names. For example if the players name is Patrick do not use Pat or Paddy.
- Do not leave space in-between parts of surnames. For example if the surname is McNamara, there is no gap between the Mc and the Namara.
- Use apostrophes if there is an O. For example O'Reilly.
